MEMORANDUM FOR: (See Distribution)

FROM:

Deputy Director for Legislation
Office of Congressional Affairs

STAT

SUBJECT: FY '89 Intelligence Authorization Bill -
Conference Report

1. Attached for your information is a copy of the conference report on H.R. 4387, the Intelligence Authorization bill for Fiscal Year 1989 (Congressional Record, 11 August 1988, pp. H6984 - 6991; House Report No. 100-879).

2. Also attached is a chart depicting the status of the various provisions. Some provisions of interest are as follows.

- A. FBI NYC Demonstration Project - Section 601. You will note the conferees adopted the House provision which places "ceilings" on any benefits adopted under the plan.
- B. DoD Intelligence Issues (p. H 6988). You will note the discussion of the conferees' perceived need for an Assistant Secretary of Defense for Intelligence as well as the provision in the Department of Defense authorization bill requiring the Secretary of Defense to work with the Director of Central Intelligence (DCI) on narcotics intelligence issues.
- C. Narcotics Intelligence Report (p. H 6990). You will note the request by the conferees that the Secretary of Defense and the DCI, "in concert with

law enforcement agencies" submit to the Congress no later than 1 March 1989 an assessment of narcotics intelligence requirements, the impact on the Intelligence Community of fulfilling such requirements and a plan for that tasking.

- D. SEO Charter Evaluation Report (p. H6990). You will note the conferees' request that the DCI report by 31 December 1988 on the Security Evaluation Office (SEO). This is followed by a request that the DCI make a comprehensive review of counterintelligence policy and report to the Congress in conjunction with the Fiscal Year 1990 budget submission.

3. In contrast to previous years, conference action on the bill was rather swift. The Senate passed its version of the bill on 5 August 1988 and the conferees filed their report on 11 August. The conference was relatively easy as there were few major issues in dispute. Quick action on the report is expected when the Congress returns in September.

4. Please contact us if you have any questions or comments.
